SPECIAL RELEASE

RE: SENATE DECISION ON PAYMENT OF FEES AND REGISTRATION

This is to inform students, the University Community and the general public that the University Senate at its 204th Meeting held on Wednesday, February 28, 2024 amongst other issues deliberated on the above matter and decided as follows:

1. That all candidates (old and new) offered provisional admission into the University who are yet to pay fees, register and get their matriculation numbers are being requested to do so on or before **6th of March, 2024**.
2. That all such provisionally admitted candidates (old and new) who fail to comply with (1) above shall have their provisional admission withdrawn.
3. That only students who have paid their school fees and registered for courses shall write the Second Semester Examinations. Consequently, students are being advised to pay up their school fees and register for courses on or before the **14th of March, 2024**.
4. That students who are unable to pay their school fees and register for their courses on or before **14th of March, 2024** should suspend their studies for the 2022/2023 Academic Session.
5. Students should note that (3) and (4) above are based on the provisions of the student handbook on the "Continuous Registration of Studentship" which states thus: *"Every student is required to complete registration for courses every academic session throughout the period of studentship. A student who fails to register for courses in any academic session without approval from Senate on account of Suspension of Studies or Rustication will be deemed to have voluntarily withdrawn from the University"*.
6. Consequent on the above, the Course Registration Portal shall be closed on **Thursday, March 14, 2024** for the purpose of generating the 2022/2023 Second Semester Examination Attendance Register.
7. For the avoidance of doubt, it should be noted that any student who sits for an examination for which such student did not register will be made to appear before the Senate Student Disciplinary Committee (SSDC).
8. In a similar vein, any Lecturer who grades the scripts of students who did not pay fees and register for courses will be made to appear before the Senior Staff Disciplinary Committee (SDC).
